# SUBJECT INDEX

ADDQOL, the Malay version 398
Adenosine deaminase, diagnostic utility 363
*Aedes aegypti* (L.), efficacy of two diflubenzuron formulations 269
*Aedes aegypti* immatures, seasonal prevalence, India 442
*Aedes aegypti*, larvicidal efficacy of temephos new formulations 641
*Aedes aegypti*, survey of dengue viral infection 448
*Aedes albopictus*, survey of dengue viral infection 448
*Aeromonas hydrophila*, genetic variations 721
*Aeromonas hydrophila*, tiger bite infection 867
Alcohol consumption,associated factors 146
Alcohol drinkers and non-drinkers, sexual behaviors 152
Allergic vasculitis, cutaneous 808
*Allium sativum*, antimicrobial effects on diarrheagenic organisms 343
Altered states of consciousness, non-traumatic, IHSS *vs* GCS 1126
Angiostrongyliasis, eosinophilic meningitis associated 24
*Anopheles stephensi*, efficacy of *Solanum xanthocarpum* extracts combination with pyrethroid and cypermethrin 256
Antenatal care procedures and information 927
Antimalarial interactions, dihydroartemisinin and fosmidomycin 791
Antioxidant levels, evaluation in pulmonary tuberculosis 695
Antiplasmodial 3,6-diamino-1´-dimethyl-9 -anilinoacridine 979
Artemisinin-piperaquine fix combinations, dose ranging 971
Ascariasis, biliary 631
Ascorbic acid, plasma and aqueous humur 582
Asian influenza A (H2N2), household and community transmission 1075
Avian influenza protection, knowledge, awareness, and behaviors 560

*Bacillus thuringiensis israelensis*, VectoBac® WG and DT, formulations, efficacy against dengue mosquito vectors 261
Beriberi outbreak, Thailand 2005 130
*Blastocystis hominis*, analysis of PCR-amplified DNA 991
β-lactamases, CTX-M extended spectrum 493
β-thalassemia/HbE erythroid progenitor cell, role of IL-3 897

*cagA* genotypes 356
*Campylobacter coli,* mechanism of macrolide resistance 501
*Campylobacter jejuni*, mechanism of macrolide resistance 501
*Campylobacter*, detection in duck 728
*Candida albicans*, new mechanical method for whole cell disruption 512
Canine parasitic zoonoses 247
*Capillaria hepatica* infection, Thailand 636
Cercariae from freshwater snails, morphology study 302
Chitin synthesis inhibitor larvicide, field evaluation 434
Chronic diseases, awareness in a developing community 576
*Chrysomya megacephala*, bacteria carriers 38
Cockroaches, repellent activity of essential oils 663
Coconut water, sodium-enriched, rehydration 769
Concanamycin A, interactions with DDAA and hematin 979
*Corbicula moltkiana* Prime, *V. parahaemolyticus* isolated from 349
Cypermethrin, combination with pyrethroid and *Solanum xanthocarpum*, efficacy against *An. stephensi* 256
Cystic echinococcosis, serological detection in one family 796
Cysticercosis, solitary soft tissue cases 420
Cytokine production, *M. tuberculosis* patients 370

Dengue fever, Myalgia crusis epidemica 1084
Dengue hemorrhagic fever, association of incidence and land surface temperature 427
Dengue vectors, seasonality and insecticide susceptibity, Sri Lanka 276
Densovirus, new isolate from *Tx. splendens* (Wiedemann) 283
Dermal leishmaniasis, rK39 for diagnosis 619
Diflubenzuron, efficacy of two formulations against *Ae. aegypti* larvae 269
Dihydroartemisinin, antimalarial interactions with fosmidomycin 791
Domestic violence, prevalence during pregnancy 754
Ductal carcinoma of the breast, survivin bcl-2 and p53 expression 904

Ear examination and hearing screening, nurses training 188
Elderly, social support 936
*Enterobius vermicularis*, relationship with acute appendicitis 20
Epilepsy, risk factors, Lao PDR 537
*Erysipelothrix rhusiopathiae*, invasive 478
*Escherichia coli* O157, detection in diarrheal stools 871
*Escherichia coli* O157: H7 *vt* and $rfbO_{157}$, detection by multiplex polymerase chain reaction 82
*Escherichia coli*, quinolone resistance, *gyrA* mutations 1095

Falciparum malaria, acute uncomplicated, dose ranging studies of new combinations 971
Falciparum malaria, mefloquine with dihydroartemisinin regimens 205
Friedewald formula, study of LDL-cholesterol levels 519

Garlic, antimicrobial effects on diarrheagenic organisms 343

Glasgow Coma Scale *vs* IHSS 1126
Greater Mekong Region, STI services delivering 328

*Haemophilus influenzae*, antimicrobial susceptibility and β-lactamase production 732
Health benefits, hard-to-reach populations, Japan 325
Health benefits, patients in 'Green Prescription' pimary health care program 1158
Health risk assessment, lead mining villagers 168
Hearing screening, training of nurses 188
*Helicobacter pylori* identification, methylene blue staining 78
*Helicobacter pylori cagA*, *vacA* and *iceA* genotypes, Thai patients 356
*Helicobacter pylori* infection, smoking and ethnicity 1102
*Helicobactor pylori* VacA gene, detection in carcinoma specimens 881
Hematin, interactions with DDAA and concanamycin A 979
Hemoglobin AC heterozygote status, decision on identification methods 543
Hemoglobin electrophoresis, identification of hemoglobin AC 543
Hepatitis B and C, seroprevalence among Lao blood donors 674
Hepatitis B vaccination, immune response in HIV-1 patients 680
Hepatitis B virus infection, Malaysian blood donors 1070
Hepatitis B virus sero-markers, risk behaviors 45
Hepatitis C virus antibody, risk behaviors 45
Herbal medicines, the use during pregnancy 1150
Herpetic meibomianitis 466
High performance liquid chromotography, hemoglobin AC identification 543
HIV clinical disease stage, opportunistic infections 62
HIV communication, husbands and wives 313
HIV infection, sexual behavior among pregnant hilltribe women 1061
HIV/AIDS in China, improved surveillance 1041
HIV/AIDS, forecasting demographic time series counts 1029
HIV-1 circulating strains, subtype and genetic variation 814
HIV-infected children, antiretroviral adherence 828
HIV-infected patient, multiple *M. tuberculosis* infections 704
HIV-infected patients, antiretroviral therapy with tuberculosis 1053
HIV-infected patients, lipid profiles 69
HIV-infected patients, sexual behaviors during therapy 455
Human cytomegalovirus (HCMV), prevalence of gB genotypes 835
Human immunodeficiency virus (HIV), cryptococcal meningitis related, Thailand 58
Hypertension, incidence among a select Nigerian population 947

*IceA* genotypes 356
IMCI training, Lao PDR 178
Influenza B viruses, household and community transmission 1075
Influenza vaccination, effectiveness in influenza-like illness prevention 841
*InhA*, isoniazid-resistant *M. tuberculosis* 376
In House Scoring System Scale *vs* GCS 1126
Intussusception, in a private hospital, Bangkok 339

Kala-azar, pediatric 626
*katG*, isoniazid-resistant *M. tuberculosis* 376
Kato thick smear, modified, sarcocystosis detection 232

Land mine victim, socioeconomic considerations 913
LDL-cholesterol levels, comparative study of two methods 519
Leishmaniasis, autochthonous visceral 8
Leishmaniasis, post kala-azar dermal diagnosis, rK39 619
Leprosy transmission, analysis of *M. leprae* tandem repeats 714
*Leptospira* spp, identification by pulsed field gel-electrophoresis 97
*Leptospira*, comparison of methods for antibody detection 1111
Lipid peroxidation product, evaluation in pulmonary tuberculosis patients 695
Lipid profiles, HIV infected patients 69
Lymphadenitis, tuberculous, high mast cell density 115

Malaria control project, evaluation by villagers, Indonesia 213
Malaria prevention and control, empowerment of women's ability 546
Malaria workers and clinical malaria patients, interactions 959
Malnutrition and infectious disease morbidity, childhood 120
Mefloquine with dihydroartemisinin, pharmacokinetics 205
Methylene blue staining, identification of *H. pylori* 78
Microscopic agglutination test, identification of *Leptospira* spp 97
Molluscum contagiosum subtype 1, treatment efficacy 849
Mollusks, freshwater, in eleven provinces of Thailand 294
Multiplex polymerase chain reaction, detection of *E. coli* O157: H7 *vt* and $rfb_{O157}$ 82
*Musca domestica* and *Chrysomya megacephala*, bacterial carriers 38
Mutants streptococci, plaque pH response 598
Myalgia crusis epidemica, presentation of dengue fever 1084
*Mycobacterium africanum* subtype I, characterization by spoligotyping 706
*Mycobacterium leprae*, typing and analysis of transmission 714
*Mycobacterium tuberculosis* and non-tuberculous mycobacteria, differentiation 111
*Mycobacterium tuberculosis* infected patients, cytokine production 370
*Mycobacterium tuberculosis* isolates, multiple mutations in *katG* and *inhA* 376
*Mycobacterium tuberculosis*, mutiple infections, HIV-infected patient 704

Nasopharyngeal carcinoma, undifferentiated 136
Neoplastic cell proliferation, nasopharyngeal carcinoma 136
Nitrite, evaluation in pulmonary tuberculosis patients 695
Non-tuberculous mycobacteria and *M. tuberculosis* differentiation 111
Non-tuberculous patients, diagnostic utility of ADA 363
Novaluron, field evaluation 434
Nulliparous young adolescents, obstetric outcomes 141

Opportunistic infections and HIV, Cambodia 62
Orang Asli (aborigine), parasitic infections 415
*Orientia tsutsugamushi*, analysis of the epidemic strains 482
*Orientia tsutsugamushi*, factors affecting *in vitro* isolation 91
Otomycosis, comparison of two treatment regimens 749

*P. vivax* infection, concurrent salmonella bacteremia 616
P53 overexpression in nasopharyngeal carcinoma 136
Paraoxonae 1 polymorphism, ethic variation 392
Paton-Valentine leukocidin positive *S. aureus*, HIV-infected patient 690
PCR, real-time, ante-mortem diagnosis of rabies 53
Periodontitis, maternal, increased risk of preterm birth 586
Pesticide use, impacts on semen characteristics 569
Phlebotomine sandflies, seasonal variation 1011
*Phyllanthus niruri* L., antiplasmodial activity and cytotoxicity 609
Plague, human, outbreak in China 1115
*Plasmodium vivax*, merozoite surface protein-1 1
*Pneumocystis jirovecii* DNA, detection in gastric wash 892
Post kala-azar dermal leishmaniasis, rK39 for diagnosis 619
Primary health care program, patient benefits 1158
Protozoal infestation profile, diarrheal children, Nepal 13
Pulmonary tuberculosis patients, drug resistant, Myanmar 104
Pulmonary tuberculosis patients, MDA, nitrite and antioxidant levels 695
Pulsed field gel - electrophoresis, identification of *Leptospira* spp 97
*Pythium insidiosum*, DNA typing and phylogeny 383

*qacE/qacEΔ1* genes, occurrence and correlation with class 1 integrons in *S. enterica* 855

Rabies ante-mortem, diagnosis by real-time PCR 53
Road accident head-injured patients, quality of life 761
*Roseomonas gilardii* subsp *rosea*, bacteremia associated 886

*Salmonella enterica*, occurrence of *qacE/qacEΔ1* genes 855
*Salmonella*, nontyphoidal, serovar distribution, antimicrobial susceptibility 1088
*Salmonella typhi*, antimicrobial susceptibility and phage types 487
Sarcocystosis field surveys, detection by Kato thick smear 232
*Schistosoma haematobium*, urinary tract pathology 32
Schistosomiasis, meeting report 406
Schistosomiasis, visceral, domestic ruminants 1008
Scrub typhus, analysis of outbreak strain 482
Semen characteristics, impacts of pesticide use 569
Serum immunoglobulin, abnormal levels in chronic diarrhea 424
Sexual behaviors, alcohol drinkers and non-drinkers 152
Sexually transmitted diseases, quality of care, Pakistan 737
*Shigella* serotypes, changing patterns of antimicrobial susceptibility 863
Social support, elderly in Thailand 936
Soil-transmitted helminthiases, Malaysian communities 998
*Solanum xanthocarpum* extracts, efficacy against *An. stephensi* 256
*Solenopsis geminata* envenomation 808
Spoligotyping, characterization of *M. africanum* subtype I 706
*Staphylococcus aureus* necrotizing pneumonia, a fatal case 690
STI services, program issues in delivering, Greater Mekong Region 328
*Streptococcus pneumoniae*, serotypes and antimicrobial susceptibilities 469
Systemic lupus erythematosus, community-acquired pneumonia 528

Thiamine status, children with diarrhea 1120
Thiaridae, trematode infections 1016
Tobacco smoking, effects on alpha-2-macroglobulin 918
Torquetenovirus infection, Thai blood donors 686
Toxocariasis, epidemiology and risk factors 983
Toxoplasmosis in mice, immunohistochemical study 223
*Toxorhynchites splendens* (Wiedemann) new densovirus isolate 283
*Toxorynchites splendens* Wiedemann, predatory efficiency 799
Tradition Bhutanese medicine 161
Trematode infections, snail family Thiaridae 1016
Triclosan dentifrice, clinical results in pregnant women 594
Tsunami, South Asia, intertidal snail-trematode communities 658
Tuberculosis immunocompetent patient, diagnostic delay 507
Tuberculosis, pulmonary
Tuberculous patients, diagnostic utility of ADA 363
Typhoid fever, plasma D-dimer levels 911

*VacA* genotype 356
Vector mosquetoes, ecology, Sri Lanka 646
*Vibrio parahaemolyticus*, detection of *tdh* and *trh* genes 349
Visceral schistosomiasis, domestic ruminants 1008

Weekly epidemiological record, Japanese edition 1141
